

Pace Business Services

Together, we'll strengthen your business

Pace offers a number of free business services aimed at improving employee retention and productivity.

Start with our Transportation Analysis – Pace examines your employees' travel patterns and identifies both traditional and non-traditional public transit options. This in-depth analysis including an interactive GIS map can help you develop an employee transportation program.

In addition, a Pace Business Development Representative can work with you to . . .

- Administer an on-line Transportation Survey customized to identify employees' attitudes about public transportation
- Familiarize employees with public transportation services by providing bus and train schedules, vanpool brochures, and maps
- Host a Transit Day with group presentations that explain how bus, vanpool, and train services can help employees commute to work economically and efficiently
- Offer Relocation Assistance by helping orient employees to a new worksite, making all the potential transportation options part of your relocation activities
- Welcome new employees by offering a 50% discount on their 1st purchase of a 30-day bus pass

Take advantage of all that Pace has to offer!
