Fabulously Fun Family Fitness (Parent & child class)

This class offers a complete workout with each class. Much like an adult aerobics class, every class consists of the following: warm-up, endurance, resistance and strength training, cool down and stretch. Except in a Stretch-n-Grow class we add a theme and music that is chosen to be fun for ages 2 - 62. We workout to the types of stories everyone enjoys, active adventure stories with colorful characters! This combined with music from popular children's shows and fun hand-held equipment, means we'll work our imaginations as well as our muscles. Put it all together and it translates into fabulously fun family fitness!
