PREAMBLE

This Agreement, entered into by and between the Village of Lake in the Hills, an Illinois municipal corporation, hereinafter referred to as the "Employer" or "Village," and S.E.I.U. Local 73 hereinafter referred to as the "Union."

It is the specific purpose of this Agreement to provide a clear statement of the terms and conditions which the parties' orderly collective bargaining relationship and good faith bargaining have produced with respect to wages, hours, and conditions of employment to the extent which are not excluded by Section 4 of the Act. As such, it is the express intent of the Union and the Village to set forth herein all areas of agreement concerning certain employees of the Village with regard to those mandatory subjects of bargaining, including a final method of adjusting disputes concerning the interpretation hereof.

In consideration of the mutual promises and covenants contained herein, the parties, by their duly authorized agents and representatives, do mutually covenant and agree as follows:
ARTICLE I

RECOGNITION

Section 1. **Recognition**

The Village recognizes S.E.I.U., Local 73 as the sole and exclusive bargaining agent for those employees in the defined bargaining unit commonly described as Public Works employees, all classifications Re: ISLRB Certification, for the purpose of collective bargaining with respect to rates of pay, wages, hours of employment, and other conditions of employment. Employee will mean all full-time employees in the Union who are classified in the classifications contained in the defined bargaining unit. The defined bargaining unit shall include employees in following classifications: Laborer, General Utility Worker I, General Utility Worker II, Mechanic, Crew Leader, Water Operator I, Water Operator II.

The bargaining unit shall exclude all other employees of the Village of Lake in the Hills, including but not limited to: all supervisory, confidential, managerial, part-time, seasonal and temporary employees and all other employees of the Village of Lake in the Hills.

Section 2. **Probationary Employees**

Probationary employees are defined as those employees with less than six (6) months of service.

Section 3. **Official Spokesperson**

It is understood and agreed that the Business Agent or Union Representative for S.E.I.U., or his/her designee, will be the official spokesperson for said Union in any matter between the Union and the Employer.

Section 4. **Intent**

The Employer and the Union agree that the basic intent of the Agreement is to provide a fair day’s work in return for a fair day’s pay, and to provide conditions of employment conducive to the efficient operation of all services provided by the Employer.
ARTICLE II

UNION SECURITY AND CHECK-OFF

Section 1. Fair Share

During the term of this Agreement, all non-probationary bargaining unit employees shall pay as a condition of their employment a fair share fee to the Union for collective bargaining and contract administration services rendered by the Union as the exclusive representative of the employees covered by this Agreement, provided that the fair share fee shall not exceed the dues attributable to being a member of the Union. Such fair share fees shall be deducted by the Village from the earnings of non-members and remitted to the Union in the same manner and intervals as Union dues are deducted. The Union shall periodically submit to the Village a list of employees covered by this Agreement who are not members of the Union and an affidavit which specifies the amount of the fair share fee. The amount of the fair share fee shall not include any contributions related to the election of or support of any candidate for political office or for any member's only benefit.

The Union agrees to assume full responsibility to insure full compliance with the requirements laid down by the United States Supreme Court in Chicago Teachers Union v. Hudson, 106 U.S. 1066 (1986), with respect to the constitutional rights of fair share fee payers. It is specifically agreed that any dispute concerning the amount of the fair share fee and/or the responsibilities of the Union with respect to fair share fee as set forth above shall not be subject to the grievance and arbitration procedure set forth in this Agreement.

Non-members who object to this fair share fee based upon bona fide religious tenets or teachings shall pay an amount equal to such fair share fee to a non-religious charitable organization mutually agreed upon by the employee and the Union. If the affected non-member and the Union are unable to reach agreement on the organization, the organization shall be selected by the affected non-member from an approved list of charitable organizations established by the Illinois Labor Relations Board and the payment shall be made to said organization.

Section 2. Deductions

The Employer agrees to deduct the Union membership, initiation fee, assessments, and, once each month, dues and voluntary SEIU Committee on Political Education contributions from the pay of those employees who individually request in writing that such deduction(s) be made. The amount deducted shall be certified to the Employer by the Treasurer of the Union, and the aggregate deductions of all employees shall be remitted, along with an itemized statement to the Treasurer by the 10th of the (current succeeding) month, after such deductions are made. The Employer's remittance will be deemed to be correct if the Union does not give written notice to the Employer within two (2) calendar weeks after a remittance is received, of its belief, with reasons stated.
therefore, that the remittance is incorrect.

Section 3. **Indemnification**

The Union shall indemnify the Village, its employees and any Department of the Village and hold same harmless against any and all claims, demands, suits, legal costs, or other forms of liability, monetary or otherwise, arising out of, or by reason of, any action taken by the Village or any Department of the Village, at the direction of the Union for the purpose of complying with the provisions of this Article.

Section 4. **Member Information**

The Village agrees that it will send the following bargaining unit information to the Union whenever such information changes; new hires, separations (e.g. terminations, resignations, retiree, disability, suspension, leave of absence) and promotions. The listing will show the employee's name, home address, job title, work location, date of hire and date of action.
ARTICLE III

ANTI-DISCRIMINATION

Section 1.  No Discrimination

The Union and the Employer agree not to discriminate against employees covered by this Agreement on account of race, religion, creed, color, national origin, sex, age, mental or physical handicap.

Section 2.  Rights Under the Agreement

No employees covered under this Agreement shall be intimidated, coerced, restrained, reprimanded, penalized, or discriminated against in any manner because they have exercised their rights and privileges provided for in the terms of this Agreement which include, but are not limited to, the processing of grievances.

Section 3.  Gender Reference

All references to the employees in this Agreement are intended to designate both sexes, and wherever the male gender is used, it shall be construed to include both male and female employees.
ARTICLE IV

UNION VISITATION AND UNION BUSINESS

Section 1. Visitation By Union Personnel

A. Employees or accredited representatives of the Union shall be admitted to the property of the Employer during working hours for the purpose of ascertaining whether or not this Agreement is being observed by the parties, only on complaint of an employee. When an area or building belonging to the Employer is considered hazardous, then the Employer shall provide a responsible escort to that Union Officer or Accredited Representative, provided that this service is arranged for in advance with the supervisor in charge of that building or area considered hazardous.

B. A Representative or Officer shall be able to talk with the employees during working hours, providing he has notified the Director of Public Works of his presence and limits his time to not more than (15) minutes, to be held during assigned break periods.
ARTICLE V

UNION STEWARDS AND REPRESENTATIVES

Section 1. Recognition

The Employer recognizes and shall deal with the appropriate Chief Steward, Steward, and other officials listed in Article I in all matters relating to this Agreement.

Section 2. Stewards

The membership shall select three (3) members to serve as Steward. The Union shall appoint one of the members to serve as a Chief Steward of the unit. The stewards shall have the right to represent the bargaining unit employees and to investigate any grievances, discipline, etc. during working hours.

Section 3. Grievance Discussion During Working Hours

Any employee who requests to discuss a grievance matter with his/her Steward during working hours shall request same, without loss of pay, from his/her immediate supervisor. Such discussion shall not exceed thirty (30) minutes per incident.

Section 4. No Discrimination

The Village will not discriminate against Stewards.

Section 5. List of Stewards

A written list of Stewards shall be furnished to the Employer prior to the effective date of assuming their duties of office. The Union shall notify the Employer promptly of any changes of such Union Stewards. No Union Stewards will perform any grievance work unless this section has been complied with.

Section 6. Permitted Steward Activities During Working Hours

The Employer agrees that during hours of work, on the Employer's premises, and without loss of pay, Stewards shall be allowed to:

(a) Post Union notices on designated bulletin boards;

(b) Solicit Union membership during employees and Steward's non-working time;

- 9 -
(c) Attend negotiating meetings if held during regular work hours;

(d) Consult with the Employer or his Representative.
ARTICLE VI

MANAGEMENT RIGHTS

Section 1. Management Rights

All the rights, powers, functions, and authority which the Village had prior to the signing of this Agreement (including those with respect to wages, hours, and working conditions) are retained by the Village, except as those rights, powers, functions, or authority which are expressly and specifically abridged, modified, or limited by this Agreement, and then only to the extent so specifically and expressly abridged, modified, or otherwise limited as mandatory subjects of bargaining.

The rights which are vested exclusively in the Village, except as abridged by specific provision of this Agreement, include, but are not limited to, the right to determine the organization and operations of the Village; to determine and change the purpose, composition, and function of each of its constituent departments and subdivisions; to set standards for the services to be offered to the public; to direct the employees of its departments and subdivisions, including the right to assign work and overtime; to determine the overall budget; to hire, examine, classify, select, promote, train, transfer, assign, and schedule employees; to increase, reduce, or change the composition and size of the work force, including the right to lay off employees due to lack of work or funds or other reasons; to subcontract work when necessary or proper; to establish or modify work schedules and to determine the number of and specific hours worked; to establish, modify, combine or eliminate job positions and classifications; to suspend, demote, discharge, or otherwise discipline for just cause and, in connection therewith, to add, delete, or alter policies, procedures, rules and regulations; to delete, or alter policies, procedures, rules, and regulations; to establish, implement, and maintain an effective internal control program; and to determine and manage all matters about which the Village is not required to bargain in accord with Section 4 of the Act.

The Village retains the right to take any and all actions as may be necessary to carry out the mission of the Village and the Public Works Department in the event of a civil emergency as may be declared by the Village President or authorized designee. It is the sole discretion of the Village President to determine that civil emergency conditions exist which may include, but not limited to riots, civil disorders, tornado conditions, floods, extreme snowfalls, or other catastrophes. In the event of such emergency action, the provisions of the Agreement, other than compensation provisions, may be suspended, if necessary, provided that all provisions of the Agreement shall be immediately reinstated once the local emergency condition ceases to exist.
ARTICLE VII

HOURS OF WORK AND OVERTIME

Section 1.  **Work Week**

The normal week shall consist of five (5) consecutive workdays, Monday through Friday, in a pre-established work schedule, totaling forty (40) hours. Not earlier than January 1, 2009, the Village has the right to change the normal work week of the Water Division to consist of five (5) consecutive workdays, within a calendar week, totaling forty (40) hours per week upon thirty (30) days notice to the affected employees. The Village will consult with the affected employees to understand their issues and preferences before implementing the change.

Section 2.  **Work Day**

The normal day consist of eight and one-half (8.5) consecutive hours, except that the workday shall be interrupted by a duty-free unpaid 30 minute meal period. In addition, the work day shall be interrupted by one fifteen (15) minute A.M. paid break, and one fifteen (15) minute P.M. paid break. If excessive time would be required to secure a work site to allow a work break to occur at the Village facility, the Director of Public Works or his designee may require such breaks to be taken at the work site. The employer shall determine the starting times as provided in Section 9 of this Article. Starting times shall not be changed by the Employer solely to avoid paying overtime.

Section 3.  **Work Shift**

The normal work day shift shall be 7:00 to 3:30pm starting on the first Monday in October and continuing until the first Monday in April. The normal work day shift shall be 6:30 am to 3:00 pm starting on the first Monday in April until the first Monday in October. However, the Village may modify the normal work day shift, upon not less than 14 calendar days notice, if it determines that a modification is necessary to maintain the orderly and efficient operation of the Public Works Department.

Section 4.  **Change of Shift Schedule**

In the event of a change in shift from a pre-established work schedule, employees must be off their work period for a minimum of twenty-four (24) hours before reporting to work under the new shift.

Section 5.  **Overtime Payment**

A. Employees on a five (5) day work week in excess of eight (8) paid hours per day shall be compensated at one and one-half times their regular straight time hourly rate of pay.

B. Overtime will be defined as any time worked before or after an employee's regular shift, or on the
sixth (6th) or seventh (7th) day of a work week. Overtime shall begin on the sixth (6th) day.

C. All hours worked in excess of 8 hours on Thanksgiving Day, Christmas Day, and New Year’s Day will be paid at two (2) times their regular straight time hourly rate of pay.

Section 6. **Scheduling of Overtime**

A. Overtime work shall be offered to qualified employees on the basis of seniority and shall be equitably distributed among employees who normally perform such work. Each employee shall be selected in turn according to his/her place on the classification seniority list, by rotation.

B. Any bargaining unit employee requesting to be skipped when it comes to his/her turn to work overtime shall be rotated to the bottom of the overtime seniority list and shall not be rescheduled for overtime until his/her name is reached again in orderly sequence.

C. In the event no employee wishes to perform the required overtime work, the Employer shall, by inverse order of the date of last non-voluntary overtime assignment and inverse order of the seniority list, assign the necessary qualified employee(s) and the employee(s) shall be required to report and perform the work in question.

D. Employees who choose to work overtime shall be placed at the bottom of the overtime seniority list once the overtime is received.

E. The Union recognizes that work in progress may be completed by the employee performing the work at the time the determination is made that overtime is necessary, at the discretion of the Director of Public Works.

F. An overtime seniority list shall be posted at the Public Works Facility for inspection by the Stewards, Officers, and other Representatives of the Union.

G. If an employee is skipped or denied an opportunity to work overtime in violation of this Agreement, he/she shall be rescheduled for overtime work the next time overtime work is required, in accordance with Paragraph A & B of this section.

H. Time during which an employee is excused from work because of earned vacation, holidays, personal leave, sick leave, or other leave at full pay shall be considered as time worked for the purpose of computing overtime.

I. The Village shall maintain separate Snow Removal callout lists for the Airport and for Village streets. All bargaining unit members shall be on one list or the other.

J. The Water Superintendent shall develop an overtime rotation listing for overtime for standby duties outside the normal work week. The listing shall be developed at a minimum of one month
in advance. In the event an employee who is scheduled to perform standby duties cannot, then by reverse seniority an employee shall be selected to work the shift. Once that employee works the shift he shall not be selected to fill in until all other division personnel have worked the same number of extra shifts.

Section 7. Emergency Call Back

Any employee who is called back to work outside of his/her regularly scheduled shift shall be paid for the hours worked or a minimum of two (2) hours pay at the rate of time and one-half the employee's regular straight time hourly rate of pay. Call back time shall begin when the employee is first called. If the call back overlaps with the employee's regular shift, the employee shall be compensated the appropriate call back time rate of pay and the regular shift shall continue until the employee's normal quitting time. The employee shall report expeditiously and within one (1) hour of contact and shall be on standby/available to work for the entire two (2) hour period.

Section 8. Standby and Pager Duty

All bargaining unit employees required to carry Village issued cellular telephones on days and/or during hours they are not otherwise scheduled to work shall receive pay of $30.00 for each such day and/or segment of "off duty" hours.

Section 9. Work Schedule

Work schedules showing employees' shifts, work day, and hours shall be posted on the bulletin board in the Public Works facility. Except for emergency situations, work schedules shall not be changed without advance notice to the unit.

Section 10. Compensatory Time

Bargaining unit employees may elect compensatory time off in lieu of overtime compensation. Compensatory time, if elected, will be granted at a rate of one and one-half (1-1/2) hours of compensatory time off for every hour of overtime worked. After compensatory time off is earned, an employee may schedule and take their compensatory time off with the prior approval of the Director of Public Works or designee. Employees may not accumulate more than 80 hours of compensatory time off each year. Any overtime exceeding 80 hours will be paid as overtime compensation. Upon termination, an employee shall be paid for unused compensatory time off at a rate of compensation not less than:

1. The average regular rate received by such employee during the last three years of the employment; or
2. The final regular rate received by such employee, whichever is higher.
ARTICLE VIII

GRIEVANCE PROCEDURES

Section 1. Definition of Grievance

A grievance is a difference of opinion between the Union and/or any employee and the Employer with respect to the meaning, interpretation, or application of the express terms of the Agreement, or with respect to the inequitable or unreasonable application of the Rules and Regulations of the Employer.

Section 2. Procedures

It is mutually desirable and hereby agreed that all grievances shall be handled in accordance with the following steps. Any time period provided for under the steps in the grievance procedure may be mutually extended or contracted.

Step One: If the parties are unable to resolve the grievance informally, the employee, with or without a union representative, may submit such grievance for resolution by means of the formal grievance procedure, provided such grievance is reduced to writing, and presented to the employee's Superintendent within ten (10) calendar days of the occurrence or circumstance giving rise to the grievance, or within ten (10) calendar days of when the grievant should have reasonably known of such occurrence or circumstance. As soon as possible after receipt of the grievance, the employee's Superintendent shall schedule a meeting with the employee, with or without a union representative, to discuss the grievance. Within ten (10) calendar days after said meeting, the Superintendent shall render a decision.

Step Two: If not adjusted in step one, the grievance shall then be reduced to writing and presented by the Union to the Public Works Director within ten (10) calendar days following the receipt of the Superintendent's answer in step one.

The Director shall attempt to adjust the grievance as soon as possible, and therefore will schedule a meeting with the employee and the Union Representative within ten (10) calendar days after receipt of the grievance from the Union. The Director shall then render a decision within ten (10) calendar days of the meeting.

Step Three: If not adjusted in step two, the grievance shall then be reduced to writing and presented by the Union to the Village Administrator within ten (10) calendar days following receipt of the Director's answer. The Administrator shall attempt to adjust the grievance as soon as possible, and therefore schedule a meeting with the
employee and the Union representative within ten (10) calendar days after receipt of the grievance from the Union. The Administrator shall render a decision within ten (10) calendar days of the meeting.

Step Four: If the grievance is not settled in step three, the matter shall be referred for arbitration by written request of the Union, made within fifteen (15) calendar days of the employer's answer in step three. Arbitration shall proceed in the following manner:

(1) The arbitrator shall be selected from a list supplied by the Federal Mediation and Conciliation Service. Such list shall contain the names of at least seven (7) members of said service. A representative of each party shall alternately strike a name from the list within five (5) days following the receipt of the list. The final name remaining on the list shall be the arbitrator. The party to strike first shall be determined by lottery. Each party retains the right to reject one or more names of the first list as tendered or as otherwise permitted by the arbitration service.

(2) Processing and hearing of the grievance shall be in accordance with the rules of the arbitration service.

(3) The arbitrator shall issue his/her decision not later than thirty (30) calendar days from the date of closing of any conference or hearing, if necessary, or if no conference or hearings are required, then from the date when the final grievance documents are submitted to him/her.

(4) The decision of the arbitrator shall be in writing and shall set forth the findings of fact, reasoning, and conclusions of the issues submitted.

(5) The decision of the arbitrator shall be binding to the parties concerned in the grievance.

(6) The cost of the arbitration shall be borne equally by the Union and the Employer.

(7) If the arbitrator calls for meetings or hearings, and these meetings cannot be held during the normal working hours of the grievued employee, then no additional compensation or overtime payment shall be made by the Employer to either the grievued employee, witnesses, or representative of the Union.

(8) The arbitrator may interpret the Agreement, but shall have no right to
ignore, add to, take from, or modify any of the provisions of this Agreement.
ARTICLE IX

NO STRIKES/NO LOCKOUTS

Section 1. **Union**

The Union agrees for the term of this Agreement not to strike the Employer.

Section 2. **Village**

The Village will not lock out employees during the term of this Agreement.
ARTICLE X

SENIORITY

Section 1. **Definitions**

A. Seniority is hereby defined by classification and the length of continuous service with the Village.

B. Continuous Service shall commence on the date of hire. An employee’s continuous service record shall be broken by voluntary resignation, discharge for just cause, and retirement.

C. Probationary Employees. New employees shall be considered probationary employees for the first six (6) months of their employment. When an employee successfully finishes his/her probationary period, he/she will be entered on the Seniority List of the Unit as of the original date of employment. The Union shall represent probationary employees for the purposes of collective bargaining in respect to rates of pay, wages, and hours of employment.

D. Seniority Rosters. No later than two (2) months after the effective date of this Agreement, the Employer shall prepare and post seniority rosters for the bargaining unit. One (1) copy shall be furnished to the Union. The rosters will list each employee in the order of seniority and reflect each employee’s date of classification seniority and class title for all classes in which the employee previously served. The Employer will provide the Union with information that is necessary to keep the seniority list up to date whenever a change occurs.

E. When two (2) or more employees have the same seniority date, their seniority positions shall be determined by the date and time of their original applications for their respective jobs with the Employer.

F. Consolidation or Elimination of Jobs. Employees displaced by elimination of jobs through job consolidation (combining the duties of two or more jobs), the installation of new equipment or machinery, the curtailment or replacement of existing facilities, the development of new facilities, or for any other reason, shall be permitted to transfer to any other vacancy for which they are qualified. Any employee transferred as a result of the application of this provision shall be given the training needed to perform satisfactorily the job to which he/she is transferred, subject to the provisions of Section 1.D (Probationary Employees), above.

G. Application of Seniority. The application of seniority, other than as set forth elsewhere in this Agreement, shall be subject to negotiations in supplemental agreements to this contract.

H. Lay-Offs. Prior to laying off any members of the bargaining unit (with the exception of employees classified as laborers), all full time laborers, probationary, temporary, seasonal or part-time
employees functioning within the Department shall be laid off or terminated, as the case may be. Bargaining unit employees shall receive notice of a layoff as far in advance as possible, but not less than thirty (30) days prior to the date of implementation.

I. In the event of further lay-off, permanent employees will be laid off in reverse order of their seniority, as defined in Article X, Section 1(A).

J. No new employees, temporary, seasonal or part-time employee shall be hired while any bargaining unit employees are on lay-off. Employees shall be recalled by seniority from the recall list. Employees shall be notified by certified letter of their recall, and shall have seven (7) days from receipt of notice to contact the Village about returning to work. Right of recall will be limited to two (2) years.

K. Termination of Seniority. An employee covered by this Agreement shall have his/her employment terminated with the Village and his/her name removed from the seniority list under, but not limited to, the following conditions:

1. He/she quits or resigns.

2. He/she is discharged for just cause.

3. He/she fails to inform the Village, in writing or by fax, of his/her intention to return to work within seven (7) days of sending notice offering to re-employ him/her.

4. He/she does not return to work for the Village on the date specified in the notice from the Village offering him/her re-employment. Said date shall not be prior to fourteen (14) days after sending such notice.

5. He/she engages in gainful employment for someone other than the Village while on leave of absence, without the written permission of the Village.
ARTICLE XI

HOLIDAYS/PERSOAL LEAVE

Section 1.  Holidays

A.  The Village and the Union agree that all employees shall receive the following holidays, or equivalent days off, with pay, per year.

B.  The holidays granted under the terms of this Agreement are as follows:

- New Year's Day  January 1
- President's Day  3rd Monday in February
- Memorial Day  Last Monday in May
- Independence Day  July 4
- Labor Day  1st Monday in September
- Veteran's Day  November 11th
- Thanksgiving  4th Thursday in Nov.
- Day after Thanksgiving  Friday after Thanksgiving
- 1/2 Day Christmas Eve + beginning at the  December 24
  2nd half of the employees
  shift
- Christmas Day  December 25
- 1/2 Day New Year's Eve + beginning at the  1/2 day December 31
  2nd half of the employees
  shift

Two (2) Floating Holidays
For new employees, the two floating holidays will be awarded on a prorated quarterly basis, as demonstrated by the table below:

<table>
<thead>
<tr>
<th>Hire Date</th>
<th>Floating Holidays Eligible</th>
</tr>
</thead>
<tbody>
<tr>
<td>January 1 through March 31</td>
<td>1.5</td>
</tr>
<tr>

</tr>
<tr>
<td>July 1 through September 30</td>
<td>0.5</td>
</tr>
<tr>
<td>October 1 through December 31</td>
<td>0.0</td>
</tr>
</tbody>
</table>

Observance of holidays shall be on the day they occur. However, if a holiday falls on a Sunday, it shall be observed on the following Monday; if a holiday falls on a Saturday, it shall be observed on the proceeding Friday. Employees will not be reimbursed for any unused holidays, including unused floating holidays, upon separation from employment. If the Christmas and New Year
holidays fall on a Monday, the 1/2 day Christmas and New Years Eve holidays shall be taken on the preceding Friday. If the Christmas and New Year holidays fall on a Saturday, the 1/2 day Christmas and New Years Eve holidays shall be taken the preceding Thursday.

Section 2. **Personal Leave**

Each employee shall receive one (1) personal day per year.
ARTICLE XII

VACATIONS

Section 1.  Vacation Leave

A.  New employees begin to earn vacation time credits in the first full calendar month of full or part-
time employment.  Full-time employees accrue .83 days of vacation per month.  Vacation time
accrued may only be used after the beginning of the next calendar year.  Employees continue to
accrue .83 days of vacation per month until the employees 4th year employment anniversary date.
Beginning the next full calendar month following said anniversary date, the employee accrues 1.25
days of vacation per month.  Beginning with the next full calendar month after the employee's 11th
anniversary date, the employee accrues 1.66 days of vacation per month.  Beginning with the
employee's next full calendar month after the employee's 18th anniversary date, the employee
accrues 2.09 vacation days per month.  Beginning with the next full calendar month after the
employee's 25th year anniversary date, the employee accrues 2.50 days of vacation per month.

(Note: Vacation accrual rates are based upon the employee's anniversary date and the
administration of earned vacation time is based upon the calendar year, with employees expending
vacation time which they have accrued in the previous calendar year.)

B.  Vacation time must be taken in blocks of five (5) days minimum unless approval has been
received from the department head thirty (30) days in advance of the desired deviation of the five
(5) day rule.  Vacations must be taken annually and are not cumulative.  No paid vacation days
may be taken in excess of accumulated vacation days.  The department head may allow five (5)
days of vacation to carry over into the next calendar year if extenuating circumstances exist.

All requests for vacation time should be made at least thirty (30) days in advance on the
appropriate form available from the department head.  Employees should plan vacations during
"slack periods" of their respective departments.  The employee with the longest continuous
seniority shall have preference if two or more employees desire the same vacation period.

C.  Any employee who has rendered continuous service to the employer shall have the right to have
the period of such service credited and counted for the purpose of computing the number of years
of service as an employee of the Employer for vacation credit only.  All discharges and
resignations shall interrupt continuous service, and shall result in the loss of all prior service credit.

D.  Upon termination of employment, the employee shall be paid for any accrued but unused vacation
time.
E. In computing vacation leave, employees shall be credited with regular working time plus time of duty disability.

F. Any employee who is a re-employed veteran shall be entitled to be credited with working time for each of the years absent due to Military Service. The veteran's years of service for purposes of accrual of vacation time in the year of return to employment with the Employer, shall be the same as if employment had continued without interruption by Military Service.

G. When a holiday falls during an employee's approved vacation, and the employee is entitled to said holiday as a paid holiday, it will not be counted as part of the employee's vacation time.

H. With the approval of the Employer, and upon 24 hours notice, vacation may be taken in one (1) day intervals. If an employee is out of sick leave, they may designate vacation time to be used for an absence.

Section 2. Vacation Preference and Scheduling

Vacations will be granted to meet the requests of employees by seniority, only if requested 30 days in advance.
ARTICLE XIII

WELFARE BENEFITS

Section 1. **Sick Leave**

A. In the event an employee is unable to report to work due to illness or other emergency, s/he must so inform his/her department head or designee directly, if possible, or by telephone. Such notification shall be given at least one-half hour before his/her starting time. Failure to so inform the department head of such absence (or agreed intervals in the case of extended illness) may result in a loss of sick leave pay to which the employee may otherwise be eligible.

B. An employee’s illness must be documented by the department head. Sick days shall be taken in no less than one quarter (1/4) increments. The department head will be responsible for authorizing sick leave (paid or unpaid) for the employees within his/her department. In cases where an employee is unable to work for an extended period of time due to an illness/injury, the department head shall review on a case by case basis, monitoring responsibility to determine if the extended absence of the employee impedes the ability of the department to perform its' function, and if such is the case, the employee shall be terminated.

C. Sick leave may be used for illness, disability incidental to pregnancy, or non-job related injury to the employee or any member of the employee’s immediate family.

D. Sick leave shall not be used as additional vacation leave. Sick leave may be used as FMLA leave by employees.

E. Sick days will accrue at a rate one (1) day per month for all regular full-time employees per the Village’s Personnel Rules and Regulations.

F. A maximum of 5 days will be paid back to the employee at the end of the calendar year. Days taken as sick time are removed first from the 5 reimbursable days. Effective January 1, 2012, a maximum of seven (7) days annually can be carried over to the next year per Section VI of the Village’s Personnel Rules and Regulations.

G. A doctor’s certificate may be required for absences in excess of three (3) days in succession and may be required at any time the Director of Public Works feels an unusual situation exists. When proof of illness is requested and not provided, the absence will be considered a non-authorized absence and the department head will take appropriate action. The employee will be informed of the action taken. Excessive absenteeism is a basis for discipline, up to and including immediate termination of employment.
Section 2. **Unused Sick Leave**

A. Upon separation, the employee will be paid for any unused reimbursable days accrued. However, upon separation, the employee will not be paid for any accrued carry over days.

B. Employees may use accumulated sick leave for early retirement per the provisions set forth under the I.M.R.F. Pension Fund.

C. For the purposes of this provision retirement shall be defined as meeting the requirements for retirement benefits under the I.M.R.F. pension fund.

D. In the event of death the payment shall be made to the estate of the employee, or to any beneficiary so designated by the employee.

E. Upon separation, the employee may be paid for any unused reimbursable days accrued. All employees having accumulated at least 20 years of eligible service credit with the Illinois Municipal Retirement Fund, will be paid 50 percent of the value for any accrued sick time upon separation of employment. The value of accrued sick time is calculated at the employee’s hourly rate of pay at the time of retirement.
ARTICLE XIV

LEAVES OF ABSENCE

Section 1.  **Jury Duty**

Approval will be granted, with pay, for any jury duty imposed upon any bargaining unit employee or while serving as a witness on behalf of the Village; however, any compensation, exclusive of travel allowance which is received, must therefore be turned over to the Employer by said employee.

Section 2.  **Family and Medical Leaves**

In accordance with the Family and Medical Leave Act (FMLA), the Village will grant to eligible employees up to 12 weeks of job-protected unpaid family and medical leave, per 12-month period per the Village’s Personnel Rules and Regulations.

Section 3.  **Approved Leaves of Absence**

Employees on approved leaves of absence shall retain seniority, but shall not accrue any fringe benefits.

Section 4.  **Retention of Benefits**

An employee will not earn sick leave or vacation credits while on a leave of absence. An employee on a leave of absence will be required to pay the cost of insurance benefits provided in Article XVIII in order to keep these benefits in full force and effective during the period of leave. Arrangements for payments of such costs through normal deductions or otherwise must be made with the Employer’s payroll office prior to departure for such leave. For the failure to make such arrangements, the Employer may cancel insurance benefits, which will be reinstated upon the employee's return to work, subject to such waiting period and other rules and regulations as may be applicable to the insurance plan.

Section 5.  **Miscellaneous Leave**

A. **Education.** An authorized leave of absence may be granted at full or part-time pay by the Village Board of Trustees in order to permit an employee to take courses of study which will better enable the employee to perform his/her duties.

B. **State/Federal** Regular full-time employees shall be granted leave as required by State and
C. Unpaid Employees may submit a written request to the Village Administrator for an unpaid leave of absence. The Village Administrator may grant a leave of absence for up to 60 days. The Board of Trustees must approve any unpaid leaves from 61 days to a maximum of one year. Such leave shall be without loss of prior earned seniority. Upon expiration the employee will be hired for the first position for which he/she is qualified. No benefits shall accrue during any unpaid leave of absence except for group health insurance through COBRA.

D. Suspension. Employees on suspension without pay from work are not eligible to earn any benefits normally enjoyed by Village employees during the period of suspension.

E. Authorized Leave. If an employee is granted “authorized leave” he/she continues to earn health benefits normally enjoyed by Village employees during the period of authorized leave. Authorized leave shall not include any unpaid leaves of absence as defined hereinabove.
ARTICLE XV
BEREAVEMENT LEAVE

Section 1. Bereavement Provisions

Any employee, upon request, shall be granted three (3) consecutive days of bereavement leave without loss of pay immediately following the death for the purpose of mourning the death of a member of his/her immediate family. More than three (3) days may be granted at the discretion of the Employer, depending on the circumstances of each case. In considering such circumstances, the Employer shall not be arbitrary, capricious or discriminatory. Immediate family shall mean:

Mother, father (including step);
wife, husband;
daughter, son (including step or adopted);
sister, brother (including half or step);
sister-in-law, brother-in-law (including step or adopted);
mother-in-law, father-in-law (including step);
daughter-in-law, son-in-law;
grandparent;
grandparent-in-law;
grandchild;
great grandparent.
ARTICLE XVI

SUBSTANCE ABUSE TESTING

The Village retains the right to test employees for substance abuse. Said testing, and the utilization of the results thereof, shall be in accordance with the procedures set forth in Appendix B.
ARTICLE XVII
SCHOOLS, SEMINARS, REIMBURSEMENT, and EDUCATIONAL INCENTIVES

Section 1. **Reimbursement**

Payment of all books, fees, and tuition or reimbursement will be granted when an employee is required by the Employer to attend any educational or training programs.

Section 2. **Tool Reimbursement**

All mechanics shall have all necessary tools needed to perform their job purchased by the Village.

Section 3. **Posting of Courses**

The Village shall post on bulletin boards located at the Public Works Facility announcements of all courses to be given which are either compulsory for a segment of the staff, or may be optional for the purpose of improving the professional standing of the Employee or the Department. All eligible staff members shall have an opportunity to bid for the pre-requisite optional courses. In the event that there are more bids than openings available, the senior personnel will be given preference, subject to any special requirements by the institution giving the course.

Section 4. **Compulsory Courses**

The Director of Public Works shall arrange all compulsory courses and training programs in such a manner so any employee required to complete such course or participate in such training program shall be able to do so during his/her regularly scheduled working shift, whenever possible.

Section 5. **Optional Courses**

Any employee attending an optional educational course related to the furtherance of his/her proficiency as an employee with the Village shall, with prior approval of the Director of Public Works, upon successful completion thereof, and presentation of evidence of such successful completion, be reimbursed by the Employer in accordance with the Village’s Personnel Rules and Regulations.

ARTICLE XVIII
INSURANCE

Section 1. Health Insurance

A. The Village agrees to provide health insurance for all persons and dependents during the term of this Agreement. The Village will pay the same percentage of premium costs for each covered employee and his/her dependent health insurance coverage as it pays for all other regular, full-time Village employees.

B. The Parties acknowledge that the Village may change benefit levels and deductibles or change insurance plans, so long as any subsequent insurance plan is of the same type, with substantially the same benefits and conditions as the current plan. Should the Village find it necessary to change insurance plans, covered employees shall contribute to any increase in premiums to the same extent as required of any other Village employees.

Section 2. Retirement Coverage

The Employer shall make the Village’s group medical plan available to retirees retiring under I.M.R.F. and eligible dependents at the employee’s expense.

Section 3. Life Insurance

The Village shall provide, at no cost to the Bargaining Unit members, life insurance in the amount of $50,000.00 or equal to the employees annual salary on January 1st of each calendar year (whichever is greater) subject to any benefit reduction provisions imposed by the insurer.

Section 4. Safety

Any employee required to deal with any chlorine leak emergencies shall be provided with adequate safety equipment to do so. The Employer shall provide any/all safety equipment required by OSHA and such equipment shall be approved by ANSI. The Village and the Union acknowledge that there are no types of self-contained breathing apparatus which are available and which are certified by OSHA for use by employees with beards, and the failure to provide that type of self-contained breathing apparatus will not be construed as a violation of this Agreement.

Section 5. Damaged Items

Any glasses, contact lenses, or other personal property that is accidentally damaged, lost, or broken while an employee is in the performance of their job shall be replaced by the Village.
Section 6. **Light Duty Provision**

In the event that an employee is, because of an injury, temporarily unable to perform his normal job responsibilities, the Village may provide existing light work for the employee to perform. It is expressly understood that the Village is not required to create light duty work for any employee.
ARTICLE XIX

UNIFORMS

Section 1. Uniform Policy

Employees shall be supplied with complete uniforms. The uniforms provided must be worn at all times while the employee is on duty. In addition, provided prior approval for purchases is obtained from the Village (approval shall not be unreasonably denied), the Village shall provide employees who turn in original receipts of up to $600.00 per contract year for replacement of the following items, in the maximum amount indicated below.

<table>

</tr>
</tbody>
</table>

Total: $600.00 per contract year.

It is understood that the Village will provide employees with rain gear and hip boots.

Section 2. Uniform Changes

Any changes in the uniform of the employees shall be at the expense of the Employer.

Section 3. Reimbursement

Uniform items shall be purchased from vendors that have an account with the Village. All receipts will be remitted to the employee’s superintendent the next business day following the purchase along with reimbursement for any expenditures over the limits established in this Article.
ARTICLE XX
GENERAL PROVISIONS

Section 1. Labor/Management Committee

A Labor/Management Committee shall meet at least quarterly to discuss matters of mutual concern that do not involve negotiations. Attendance at Labor/Management Committee meetings shall be limited to a Union Representative and three (3) bargaining unit employees designated by the Union. This section shall not be applicable to any matter that is being processed pursuant to the grievance procedure set forth in this Agreement. The date, time and place for Labor/Management Committee meetings shall be mutually agreed upon by the Union and the Village. If such a meeting is held during the regular working hours of any Union employee on the Committee, that employee shall not lose any compensation for attending the meeting. Otherwise, attendance at such meeting shall not be considered as time worked for the employees involved. The Labor/Management Committee is intended to improve communications and shall be advisory only.

Section 2. Personal Appearance

It is important for all employees to project a professional image of the Village of Lake in the Hills while providing services in the community. For appropriate public appearance and safety reasons, employees are expected to report to work presenting a neat, clean and well-groomed appearance at all times, regardless of their job location or responsibilities.

Hair must be clean and kept. Hair should be of natural color or natural color dye. Facial hair (including sideburns, a beard, goatee, or mustache) is permissible provided that the hair is clean and neatly trimmed.

Employees with tattoos and/or body art that are profane or offensive in nature will be required to cover such tattoos and art with clothing or cosmetics during working hours. Additionally, intentional body mutilation, branding or scarring is prohibited.

Visible body piercings (with the exception of a gauge plug in the ear lobe that matches the skin coloring of the employee) may not have jewelry during work hours. Additional jewelry shall be limited in quantity and size to the extent that it would not create a hazard to the employee while performing his/her duties.
ARTICLE XXI

WAGES

Section 1. Wage Rates

The wage rates per hour for the classifications set forth in this Agreement shall be as provided in Appendix A. Wage increases shall be applied the first full pay period following the effective date of the increase.

Section 2. Pay Period

The pay period shall be every two weeks:

Section 3. Working Outside of Classification

The Village, at its sole discretion, may temporarily reclassify an employee to work outside of his or her classification in the event a functional supervisor is absent for an extended period of time. This may apply to absences in the positions of Crew Leader and Water Operator II. The employee shall be paid at the rate of the new classification at the employee’s same step.
ARTICLE XXII
CLASSIFICATION

Section 1. Classification System

A. Employees of the Bargaining Unit shall be placed into appropriate classifications.

B. The system of job classifications shall be mutually agreed upon, and shall be developed through a joint effort of the Union and the Village.

C. Integrity of the Unit. The job descriptions of the bargaining unit are attached to this Agreement in Appendix C. If the Village finds it necessary to increase, reduce or eliminate, modify or combine any of the current positions or establish any new positions during the term of this Agreement, it may do so after proper notice to, and bargaining with the Union. Notice shall be given as far in advance as possible, but not less than thirty (30) days prior to implementation. Upon request by the Union, the Village shall meet to discuss the intended changes. Said notice shall be given to the Chief Steward and the Business Representative.
ARTICLE XXIII

SAVINGS CLAUSE

If any provision of this Agreement or any application thereof should be rendered or declared unlawful, invalid, or unenforceable by virtue of any judicial action, or by any existing or subsequently enacted Federal or State legislation, or by Executive Order or other competent authority, the remaining provisions of this Agreement shall remain in full force and effect. In such event, upon the request of either party, the parties shall meet promptly and negotiate with respect to substitute provisions for those rendered or declared unlawful, invalid, or unenforceable.
ARTICLE XXIV
DURATION AND NOTIFICATION

This Agreement shall be effective as of January 1, 2012 and shall remain in full force and effect until 11:59 P.M. December 31, 2014. It shall automatically be renewed from year to year thereafter unless either party shall notify the other, in writing, at least sixty (60) days prior to the expiration date that it desires to modify this Agreement. In the event that such notice is given, negotiations shall begin no later than thirty (30) days prior to the expiration date.

IN WITNESS THEREOF, THE PARTIES HAVE AFFIXED THEIR SIGNATURES THIS

8 DAY OF December, 2011

In the event an employee is promoted (moves from a classification with a lower step 1 wage to a position with a higher step 1 wage), the employee shall receive a minimum of a one step increase in the new
classification from the step the employee was at immediately preceding the promotion, not to exceed an employee with equal to or greater than the employee’s years of service.

The Village, at its sole discretion, may determine that a newly hired employee shall be compensated at a rate higher than the beginning rate based upon the individual’s qualifications and experience, but not to exceed the lowest paid person in that classification.

All employees that reached step 8 shall be eligible to receive a $1,000 lump sum bonus on that employee’s anniversary date and each anniversary date thereafter. It is the intent of this section that once a person reaches step 8 they will be entitled to a $1,000 lump sum bonus on his or her anniversary the following year.
APPENDIX B

SUBSTANCE ABUSE TESTING

I. STATEMENT OF POLICY

A. Purpose and Goals

The Village of Lake in the Hills and the Federal Motor Carrier Safety Administration (FMSCA) of the U.S Department of Transportation have determined that alcohol abuse and illegal drug use pose specific dangers to the safety and welfare of drivers and the public. In order to achieve the goal of ensuring a drug and alcohol-free transportation system, as well as to comply with requirements of the Omnibus Transportation Employee Testing Act of 1991 and the Federal Motor Carrier Safety Regulations, the Village of Lake in the Hills has an alcohol and controlled substance testing program designed to help prevent accidents and injuries resulting from the misuse of alcohol and controlled substances by drivers of commercial motor vehicles. The potential effects of alcohol and drug abuse are substantial in terms of lives lost, personal injuries, property damage, business losses (lost productivity, absenteeism, increased health care costs, etc.) and environmental damage. The Village of Lake in the Hills' drug and alcohol testing program is designed to create a drug and alcohol-free transportation system and to provide help to those employees who have chemical dependency problems. As an employer who uses drivers to operate commercial motor vehicles on public roads, the Village of Lake in the Hills is required to implement a controlled substances and alcohol misuse policy, including a drug and alcohol testing program, that is compliant with the requirements and procedures of 49 CFR Parts 40 and 382.

B. Employment Terms

Neither the implementation of this policy nor any of the terms of this policy is intended to modify the at-will nature of the employment relationship at the Village of Lake in the Hills or to otherwise create any contract, express or implied, with any employee. Employment with the Village of Lake in the Hills is considered "at-will," meaning that it is for no set duration and can be terminated by the Village of Lake in the Hills or the employee at any time, for any reason, unless prohibited by statute or public policy.

II. SCOPE

A. Employees Subject To Testing

The drug and alcohol testing required under this policy will apply to any individual who possesses a commercial driver's license (CDL) for the operation of the CMV. If an individual
does not possess a CDL or is performing duties other than safety sensitive duties, the individual will be subject to the policies in the Village’s Personnel Rules and Regulations.

B. Independent Contractors and Owner-Operators

Because this drug and alcohol testing program is required by the Federal Motor Carrier Safety Regulations, it applies to any individual who operates a motor vehicle on behalf of the Village of Lake in the Hills in a contract, lease or other agreement with the Village of Lake in the Hills. However, mere compliance with the provisions of this policy or the application of this policy to any person shall not operate to convert any independent contractor or other person into an employee of the Village of Lake in the Hills unless such other circumstances indicate the existence of an employer-employee relationship.

III. DEFINITIONS

A. Adulterated Specimen—A specimen that contains a substance not expected to be found in human urine, or contains a substance expected to be present but is at a concentration so high that it is not consistent with human urine.

B. Alcohol—the intoxicating agent in beverage alcohol, ethyl alcohol, or other low molecular weight alcohols including methyl and isopropyl alcohol.

C. Alcohol use—the drinking or swallowing of any beverage, liquid mixture, or preparation (including any medication) containing alcohol.

D. Alcohol concentration (or content)—the alcohol in a volume of breath expressed in terms of grams of alcohol per 210 liters of breath as indicated by an evidential breath test.

E. Canceled Test—A drug or alcohol test that has a problem or cannot be considered valid under DOT rules. A canceled test is neither a positive nor a negative test.

F. Commercial Motor Vehicle (CMV) is defined as a motor vehicle or combination of motor vehicles used to transport passengers or property which:
   1. Has a gross combination weight rating of 26,001 or more pounds (11,794 or more kilograms) inclusive of a towed unit with a gross motor vehicle weight rating of more than 10,000 lbs. (4,536 kg.), or has a gross vehicle rating of 26,001 or more pounds (11,794 kg.); or
   2. Is designed to transport 16 or more passengers, including the driver; or
   3. Is of any size and is used in the transportation of hazardous materials required to be placarded under the Hazardous Materials Transportation Act.
G. Controlled Substances
   1. Marijuana
   2. Cocaine
   3. Opiates
   4. Amphetamines
   5. Phencyclidine
   6. Methyleneoxymethamphetamine (MDMA)
   7. 6-Acetylmorphine

H. Dilute Specimen—A specimen with creatinine and specific gravity values that are lower than expected for human urine.

I. Driver—any person who operates a commercial motor vehicle, including but not limited to: full-time, regularly employed drivers; casual, intermittent or occasional drivers; leased drivers and independent, owner-operator contractors.

J. Safety-Sensitive Function— all time from the time a driver begins to work or is required to be in readiness to work until the time he/she is relieved from work and all responsibility for performing work. "Safety-sensitive functions" include:
   1. All time at a Village of Lake in the Hills or shipper plant, terminal, facility, or other property, or on any public property, waiting to be dispatched, unless the driver has been relieved from duty by the Village of Lake in the Hills;
   2. All time inspecting equipment as required by 49 CFR §§392.7, .8 or otherwise inspecting, servicing, or conditioning any commercial motor vehicle at any time;
   3. All time spent at the driving controls of a commercial motor vehicle in operation;
   4. All time, other than driving time, in or upon any commercial motor vehicle except, time spent resting in a sleeper berth conforming to the requirements of 49 CFR §393.76;
   5. All time loading or unloading a vehicle, supervising, or assisting in the loading or unloading, attending a vehicle being loaded or unloaded, remaining in readiness to operate the vehicle, or in giving or receiving receipts for shipments loaded or unloaded;
   6. All time repairing, obtaining assistance, or remaining in attendance upon a disabled vehicle.

K. Split Specimen—In drug testing, a part of the urine specimen that is sent to the laboratory and retained unopened in secure storage until the employee whose test is positive, adulterated or substituted, requests that the specimen be transferred to a second laboratory for reconfirmation.

L. Substituted specimen—A specimen with creatinine and specific gravity values that are so diminished that they are inconsistent with human urine.
IV. QUALIFICATIONS FOR EMPLOYMENT

A. Prohibited Conduct

Village of Lake in the Hills policy and the Federal Motor Carrier Safety Regulation (49 CFR Part 382) prohibit the following conduct as it relates to the use of alcohol and drugs with respect to the operation of a commercial motor vehicle:

1. No driver may report for duty or remain on duty requiring the performance of safety-sensitive functions while having an alcohol concentration of 0.04 or greater. (§382.201).

2. No driver may use alcohol while performing safety-sensitive functions. (§382.205).

3. No driver may perform safety-sensitive functions within four hours after having used alcohol. (§382.207).

4. No driver required to take a post-accident alcohol test under this policy may use alcohol for eight hours following the accident, or until he/she undergoes a post-accident alcohol test, whichever occurs first. (§382.209).

5. No driver may report for duty or remain on duty requiring the performance of safety-sensitive functions when the driver uses any controlled substance, except when the use is pursuant to the instructions of a licensed medical practitioner, as defined in § 382.107, who has advised the driver that the substance will not adversely affect the driver’s ability to safely operate a commercial motor vehicle. (§382.213).

6. No driver may report for duty, remain on duty or perform a safety-sensitive function, if the driver tests positive for controlled substances. (§382.215).

7. No driver may refuse to submit to any alcohol or controlled substance test required under this policy. (§382.211).

In the event the Village of Lake in the Hills has actual knowledge that a driver has violated any of the above prohibitions, it will prohibit him/her from performing any safety-sensitive functions.

B. Removal From Service

A driver who has engaged in any prohibited conduct will be immediately removed from service and disqualified from the performance of any safety-sensitive functions, including driving a commercial motor vehicle, unless and until that driver has complied with the return to work requirements as prescribed in 49 CFR Part 40, subpart O. The employee will also be subject to any discipline required by the Village of Lake in the Hills in accordance with Section X of this
policy.

Any driver requested to submit to an alcohol test required under this policy and found to have an alcohol concentration of 0.02 or greater, but less than 0.04, will be disqualified from performing or continuing to perform any safety-sensitive functions, including driving a commercial motor vehicle, until the start of the employee's next regularly scheduled duty period, but not less than 24 hours following administration of the test.

C. Prescribed Medications

All drivers are required to notify the Village of Lake in the Hills of his/her use of any therapeutic controlled substance use prescribed by a licensed medical practitioner.

D. Drug And Alcohol Background Check

Any driver the Village of Lake in the Hills intends to hire or use to perform a safety-sensitive function will be required to undergo a background check of any violations of Department of Transportation drug and alcohol testing regulations during the previous two years. All drivers will be required to sign an appropriate consent form authorizing previous employers to release this information to the Village of Lake in the Hills. Attachment A. The Village of Lake in the Hills will then obtain information on the driver's alcohol tests with a concentration result of 0.04 or greater, verified positive drug test results and refusals to be tested within the preceding two years from all of the driver's previous employers during that time period.

No driver will be allowed to perform a safety-sensitive function if the Village of Lake in the Hills discovers that he/she has had an alcohol test with a concentration of 0.04 or greater, a verified positive drug test result or has refused to be tested, unless and until the Village of Lake in the Hills confirms that the driver has complied with the return to duty requirements of 49 CFR Part 40, Subpart O.

V. TESTING CIRCUMSTANCES

A. Pre-Employment/Pre-Duty

Prior to the first time a driver performs a safety-sensitive function for the Village of Lake in the Hills (including job applicants and employees transferring into a position requiring the operation of a commercial motor vehicle), he/she will be required to undergo testing for controlled substances and will not be allowed to perform any such function unless a verified negative drug test result is received from the medical review officer.

B. Post-Accident
As soon as practicable following an accident, the Village of Lake in the Hills will require any surviving driver to submit to tests for alcohol and controlled substances if:

1. The driver was performing safety-sensitive functions with respect to the vehicle and the accident involved the loss of human life; or

2. The driver received a citation under State or local law for a moving traffic violation arising from the accident and the accident involved:
   a. Bodily injury to a person who, as a result of the injury, immediately receives medical treatment away from the scene of the accident; or
   b. One or more motor vehicles incurring disabling damage as a result of the accident, requiring the vehicle to be transported away from the scene by a tow truck or other vehicle.

Drivers are prohibited from using alcohol for eight hours following any accident or until the required post-accident alcohol test is administered, whichever occurs first. Every effort will be made to conduct post-accident drug and alcohol tests within two hours following an accident. Any driver involved in an accident must therefore remain readily available for testing and will be considered to have refused to submit to testing if he fails to do so.

This requirement will not, however, require a driver to delay any necessary medical attention for injured people following an accident or to remain at the scene of an accident when his/her absence is necessary to obtain assistance in responding to the accident or to obtain necessary emergency medical care. In order to ensure expeditious testing, the Village of Lake in the Hills will provide all drivers with information, procedures, and instructions explaining the post-accident testing requirements.

If an alcohol test is not administered within eight hours following an accident, the Village of Lake in the Hills will make no further effort to administer an alcohol test and will document the reasons why the test was not administered within eight hours. In the event a drug test is not administered within 32 hours following an accident, the Village of Lake in the Hills will cease its attempts to administer any further testing and prepare and maintain a record stating the reasons why the test was not promptly administered.

The results of any breath test for the use of alcohol or a urine test for the use of controlled substances, conducted by Federal, State, or local officials having independent authority for the test, will be considered to meet the requirements of this section, provided such tests conform to applicable Federal, State or local requirements, and the results of the tests are obtained by the Village of Lake in the Hills.
C. Random

The Village of Lake in the Hills will conduct random drug and alcohol tests at a minimum annual percentage rate established by the FMCSA of the average number of driver positions. The random selection process will be completely objective and anonymous and will utilize a scientifically valid method such as a computer-based random number generator matched with drivers' Social Security numbers, payroll identification numbers, or other comparable identifying numbers. The tests will be unannounced and the dates for testing will be reasonably spread throughout the course of the year in accordance to FMCSA drug and alcohol testing regulations. All drivers will have an equal chance of being tested at any time, regardless of the number of his/her previous selections.

Any driver notified of his/her selection for random alcohol and/or controlled substances testing will be expected to proceed to the test site immediately. If a driver is performing a safety-sensitive function, other than driving, at the time of his/her notification of a random test requirement, he/she will be required to cease performing the safety-sensitive function and proceed to the testing site as soon as possible.

D. Reasonable Suspicion

Whenever the Village of Lake in the Hills has reasonable suspicion to believe that a driver has engaged in prohibited conduct, the driver must submit to an alcohol and/or controlled substances test. Any such suspicion must be based upon specific, contemporaneous, articulable observations concerning the appearance, behavior, speech or body odors of the driver, which may include indications of the chronic and withdrawal effects of controlled substances. These observations will only be made by a supervisor or Village of Lake in the Hills official who has received appropriate training and will be documented in writing by that individual within twenty-four (24) hours after his/her observations, or before any drug test results are released. Any person who makes a determination that reasonable suspicion exists to require a driver to submit to an alcohol test will not be permitted to conduct the alcohol test for that driver. A reasonable suspicion alcohol test will only be required if the reasonable suspicion observations are made during, just preceding or just after the period of the work day that a driver is required to be in compliance with this policy. If the alcohol test is not administered within eight hours following the reasonable suspicion determination, the Village of Lake in the Hills will no longer attempt to administer an alcohol test and will document the reasons for its inability to do so.

Notwithstanding the above testing requirements, a driver may not report for duty or remain on duty requiring the performance of a safety-sensitive function if that driver is under the influence of or impaired by alcohol, as shown by the behavioral, speech and performance indicators of alcohol misuse.
In any reasonable suspicion testing circumstance, a Village of Lake in the Hills representative will transport the individual to an appropriate testing facility and await the completion of the testing procedure. The Village of Lake in the Hills representative will then transport the individual back to the Village of Lake in the Hills's premises, where a spouse, family member or other individual will be contacted to transport the individual home. In the event no such individual is available, the Village of Lake in the Hills will contact a taxi to transport the driver home. If the reasonable suspicion test result is negative, the Village of Lake in the Hills will reimburse the employee for the cost of the taxi. If the employee refuses to comply with any of these procedures and attempts to operate his/her own vehicle, the Village of Lake in the Hills will take appropriate efforts to discourage him from doing so, up to and including contacting local law enforcement officials. Any employee failing to cooperate with any of the above procedures will be subject to discipline, up to and including termination.

E. Return-To-Duty

Before a driver who has engaged in any conduct prohibited by this policy will be allowed to return to duty to perform a safety-sensitive function, he/she will be required to undergo return-to-duty alcohol and/or controlled substance tests, with results indicating an alcohol concentration of less than 0.02 and a verified negative for controlled substances use, respectively.

F. Follow-Up

Any employee who has engaged in prohibited drug and/or alcohol-related conduct will be subject to unannounced follow-up testing for alcohol and/or controlled substances as directed by the Substance Abuse Professional for up to 60 months after return to safety-sensitive duties.

G. Refusal To Test

Any driver who refuses to submit to any drug or alcohol test required by this policy will be immediately removed from service and prohibited from performing or continuing to perform a safety-sensitive function. Employees will also be subject to any discipline outlined in Section X of this policy. For purposes of this policy, "refusal to submit" to an alcohol or controlled substances test will include:

1. Failing to provide adequate breath for alcohol testing, without a valid medical explanation after a driver has received notice of a required breath test;

2. Failing to provide an adequate urine sample for controlled substances testing, without a genuine inability to provide a specimen (as determined by a medical evaluation), after a driver has received notice of a required urine test;

3. Failing to cooperate with any part of the testing process, including failing to permit direct
observation or monitoring of specimen collection where required by Part 40 procedures.

4. Submitting a substituted or adulterated specimen.

5. Failing to report for required testing; or failing to report within a reasonable time after notification to do so.

6. Failing to remain at the testing site until the testing process is complete.

7. Failing to undergo a medical examination when required as part of the test result verification process, or as directed for evaluation of the inability to provide an adequate urine or breath specimen.

VI. ALCOHOL TESTING PROCEDURES

A. Alcohol Testing Personnel and Equipment

All alcohol testing will be conducted by qualified Breath Alcohol Technicians (BAT) and/or Screening Test Technicians (STT) using Alcohol Screening Devices (ASD) or Evidential Breath Testing (EBT) devices approved by the National Highway Traffic Safety Administration.

B. Alcohol Testing Procedures

All alcohol testing conducted under this policy will be done in accordance with the procedures outlined in 49 CFR Part 40, Subparts L and M. After providing a photo identification to the BAT or STT, the employee and the BAT/STT will complete the Alcohol Testing Form. Any employee who refuses to sign the acknowledgment of testing in Step 2 of the form will be considered to have refused to test. The employee will follow the BAT/STT’s instructions and provide a breath or saliva sample for the initial test. If the result of the test is <0.02 alcohol concentration, the test is considered negative and the process is complete.

If the initial alcohol test result is 0.02 or greater, a confirmation test, using an EBT capable of printing the test results, will be conducted. After a waiting period of at least 15 minutes, during which the employee is observed and requested not to take anything by mouth, the employee will be asked to provide a breath sample. The purpose of the waiting period is to ensure that no residual mouth alcohol is present for the confirmation test. If the confirmation test result is ≥0.02, the BAT will immediately notify the Village of Lake in the Hills representative, and the employee will remain at the testing facility until provided transportation home. The employee...
and the BAT will complete and sign the breath alcohol testing form and a copy of the form, including the test results, will be provided to the employee. If the confirmation test result is <0.02, the test is negative.

C. Inability to Provide a Sample

In the event an employee is unable to provide, or alleges he/she is unable to provide a breath sample, the employee will make two attempts to complete the testing process. If the employee cannot provide an adequate breath sample after two attempts, the BAT/STT will discontinue the testing process, notify the Village of Lake in the Hills representative, and the employee shall, as soon as practical, be evaluated by a physician, designated by the Village of Lake in the Hills. The physician will determine if there is a medical condition or diagnosis that prevents the employee from providing an adequate breath sample. If the physician is unable to document a medical condition or diagnosis responsible for the employee’s failure to provide an adequate sample, it is considered a refusal to test.

VII. CONTROLLED SUBSTANCE TESTING

A. Specimen Collection Procedures

Controlled Substances testing will be conducted using a urine specimen collected by qualified collection personnel at a collection site located at an off-site laboratory service center or medical clinic. For all FMCSA required testing, a Federal custody and control form (CCF) will be used to document the collection process. The driver will be required to present photo identification to the collector at the start of the collection process. The collector will instruct the employee to empty the contents of his/her pockets, remove all outer clothing (jackets, hats, etc.) and leave all hand carried items outside the toilet enclosure. After washing his/her hands, the driver will be provided a wrapped collection container which is unwrapped in his/her presence. The wrapped/sealed specimen bottles will remain with the collector while the driver provides his/her specimen in the privacy of a toilet enclosure with a closed door. In circumstances where only a multi-stall restroom is available, the collector will accompany the driver into the restroom. The collector will remain outside the toilet stall/enclosure; the driver will provide the specimen while in the toilet stall with the stall door closed.

In certain circumstances the driver will be required to provide his/her urine specimen while being directly observed. Observation of urination will only be done by an individual who is the same sex as the driver. The following circumstances will require a direct observation collection:
1. The driver presents a specimen which is outside the expected temperature range (90-100 °F).

2. The driver presents a specimen which the collector believes is adulterated or substituted, or has specimen adulterant or substitution materials in his/her pockets.

3. A previous specimen provided by the driver was invalid for testing and there was no medical explanation for the specimen’s invalidity.

4. A previous specimen provided by the driver was verified as positive, adulterated, or substituted and the split specimen was unavailable for reconfirmation.

5. The collection is for a return to duty or follow-up test.

Upon completion of urination, the driver will present the specimen to the collector. The collector will check the temperature and physical appearance of the specimen. In the driver’s presence, the collector will unwrap/remove the seal from the two specimen bottles, and divide the urine specimen into the two bottles, ensuring that there is at least 30 mL in the A Bottle, and at least 15 mL in the B Bottle. The collector will apply the seal/label to each bottle, date the label and ask the driver to initial each bottle label. The driver will be permitted to wash his/her hands. The specimen shall remain in the sight of both the collector and the driver from time of presentation of the specimen to the sealing/labeling of the bottles.

If the employee is unable to urinate, or provides an insufficient quantity of urine (<45mL), the employee will be provided fluids to drink (up to 40 oz.) and up to three hours to provide an adequate specimen. If the employee is unable to provide an adequate specimen after three hours, the collection process will cease. The collector will inform the Village of Lake in the Hills, and the Village of Lake in the Hills will direct the employee to be evaluated by a Village of Lake in the Hills-designated physician as soon as practical. If the MRO determines, after review of the physician’s findings of the examination of the employee, that there is no medical explanation for the employee’s failure to provide an adequate specimen, the employee will be considered to have refused to test.

The collector and driver will complete the CCF. The specimen bottles and a copy of the CCF will be placed in a plastic bag and sealed. The driver will be provided a copy of the CCF. Collection site personnel shall arrange shipment of the specimens to the drug testing laboratory. Prior to shipment, the specimens shall be maintained in a secure receptacle or area of the collection facility. If the driver refuses to cooperate during the collection process, the collection site person will inform the Village of Lake in the Hills Designated Employer Representative (DER) and document the employee’s conduct on the Drug Testing Custody and Control Form. Employees are expected to exercise good faith and cooperate during the
collection process and failure to do so will subject the employee to discipline, up to and including termination, independent and regardless of the results of any subsequent drug test.

B. Laboratory Analysis

All urine specimens tested for drugs of abuse under this policy will be analyzed at a laboratory certified by the Department of Health and Human Services (DHHS), Substance Abuse and Mental Health Services Administration (SAMHSA).

All specimens will be tested for the drug or drug classes listed in Section II using an immunoassay screen approved by the Food and Drug Administration (FDA). The immunoassay screen will use cut-off levels established by the DHHS and DOT to eliminate negative specimens from further consideration. Any presumptive positive test will be subject to confirmation analysis.

Any urine specimen identified as positive on the initial screen will be confirmed by gas chromatography/mass spectrometry (GC/MS) methodology. GC/MS analysis will use cut-off levels established by the DHHS and DOT for confirmation. Any specimen that does not contain drug or drug metabolites above the GC/MS confirmation cut-off levels will be reported by the laboratory as negative.

When appropriate, the laboratory may conduct analyses to determine if the specimen has been adulterated. Adulteration tests include but are not limited to specific gravity, creatinine, and pH. In addition, the laboratory may conduct additional analyses to identify or detect a specific adulterant added to the urine specimen. If the laboratory identifies an adulterant added to the specimen, the laboratory will report the specimen as adulterated. If the laboratory determines that the specimen is inconsistent with human urine, the laboratory will report the specimen as substituted. If the laboratory is unable to obtain a valid screening or confirmation analysis, the laboratory will report the specimen as invalid. If the laboratory determines that the specimen's specific gravity and creatinine are lower than the normal range, the laboratory will report the specimen as dilute.

The laboratory will report all test results to the Medical Review Officer (MRO) by confidential, secure electronic (not telephone) or hard copy transmission.

Negative specimens will be destroyed and discarded by the laboratory after results are reported to the MRO. Non-negative specimens (Positive, Adulterated, Substituted, Invalid) specimens will be retained in long-term frozen storage (-20 degrees C or less) for a minimum of one (1) year.

C. Medical Review Officer

- 54 -
All test results will be reported by the laboratory to a medical review officer (MRO). The MRO will be a licensed physician with knowledge of substance abuse disorders who is trained and certified in accordance with 49 CFR Part 40, subpart G. The MRO will review and consider possible alternative medical explanations for non-negative test results and will review the custody and control form to ensure that it is complete and accurate. The Village of Lake in the Hills will designate an MRO for its controlled substance testing program.

Prior to making a final test result for a positive, adulterated, or substituted specimen, the MRO will give the individual an opportunity to discuss the test result. The MRO will contact the individual directly, on a confidential basis, to determine whether the individual wishes to discuss the test result. If, after making and documenting three attempts to contact the individual directly, the MRO is unable to reach the individual, the MRO will contact the Village’s Human Resources Coordinator who will direct the individual to contact the MRO as soon as possible. If, after making all reasonable efforts, the Village of Lake in the Hills is unable to contact the employee, the Village of Lake in the Hills will place the employee on temporary medically unqualified status or on a medical leave of absence.

The MRO may verify a test without having communicated directly with an individual about the results in three circumstances:

1. If the individual expressly declines the opportunity to discuss the test;
2. If the Village’s Human Resources Coordinator has successfully made and documented a contact with the individual and instructed him/her to contact the MRO, and more than 72 hours have passed since the individual was successfully contacted; or
3. If neither the MRO nor employer has successfully contacted the employee after 10 days of reasonable effort.

In the test result verification process for an opiate positive, adulterated, or substituted result, the MRO may require that the employee submit to a medical examination by a Village of Lake in the Hills-designated physician. If the employee refuses to undergo the medical examination, the MRO will verify the test as positive or a refusal to test.

If the MRO determines that there is a legitimate medical explanation for the confirmed positive test result other than the unauthorized use of a prohibited drug, the MRO will report the test as negative. If the MRO determines that there is a legitimate physiologic explanation for the adulterated or substituted specimen finding, the MRO will report the result as a cancelled test.

If the MRO determines that there is no medical explanation for a positive test result, the MRO will report the test as positive, and provide the name of drug(s) detected. If the MRO determines that there is no medical or physiologic explanation for the adulterated or substituted specimen, the MRO will report the result as refusal to test, and provide the adulteration or substitution criteria identified.
If the MRO determines that a specimen reported as invalid is due to medication interference or other legitimate medical circumstances, the MRO will cancel the test. If the MRO determines that there is no medical explanation for the specimen’s invalidity, the MRO will cancel the test and inform the Village of Lake in the Hills that another specimen must immediately be collected under direct observation.

If the MRO reports a negative dilute specimen the Village of Lake in the Hills may require the individual to undergo another drug test. If the second test is also reported as negative dilute, that result will be the test of record.

The MRO will not disclose to any third party medical information provided by the individual to the MRO as part of the testing verification process, except as provided below:

1. The MRO will disclose such information to the Village of Lake in the Hills, Federal agency or a physician responsible for determining the medical qualification of the employee under an applicable DOT regulation, if in the MRO’s reasonable judgment, the information could result in the employee being determined to be medically unqualified under a DOT rule; or

2. The MRO will disclose such information to the Village of Lake in the Hills, if in the MRO’s reasonable medical judgment, the information indicates that continued performance by the employee of his or her safety-sensitive function could pose a significant safety risk.

Before obtaining medical information from the employee as part of the verification process, the MRO will advise the employee that the information will be disclosed to third parties as provided above and of the identity of any parties to whom the information may be disclosed.

The MRO will notify each individual who has a verified positive, adulterated, or substituted result that he/she has 72 hours in which to request a test of the split specimen. If the employee requests an analysis of the split specimen within 72 hours of such notice, the MRO will direct, in writing, the laboratory to provide the split specimen to another DHHS-certified laboratory for analysis. The split specimen testing will be at the employee’s expense.

If an employee has not contacted the MRO within 72 hours, the employee may present the MRO with information documenting that serious illness, injury, inability to contact the MRO, lack of actual notice of the verified positive test, or other circumstances unavoidably prevented the employee from timely contacting the MRO. If the MRO concludes that there is a legitimate explanation of the employee’s failure to contact him/her within 72 hours, the MRO will direct that analysis of the split specimen be performed.

If the analysis of the split specimen fails to reconfirm the presence of the drug(s) or drug
metabolite(s) found in the primary specimen, or fails to reconfirm the adulteration or substitution finding, the MRO will cancel the test and report the cancellation and the reasons for it to the DOT, the employer and the employee. If the split specimen is unavailable or unsuitable for reconfirmation, the MRO will cancel the test and inform the Village of Lake in the Hills that another specimen must be immediately recollected under direct observation.

VIII. CONFIDENTIALITY AND RECORDKEEPING

A. Confidentiality

The Village of Lake in the Hills will maintain all records generated under this policy in a secure manner so that disclosure to unauthorized persons does not occur. Thus, the results of any tests administered under this policy and/or any other information generated pursuant to this policy will not be disclosed or released to anyone without the express written consent of the employee, except where otherwise required or authorized by federal regulation or law. In addition, the Village of Lake in the Hills’s contract with its designated service agents requires them to maintain all employee test records in confidence.

However, the Village of Lake in the Hills may disclose information required to be maintained under this policy to the employee, the employer or the decision-maker in a lawsuit, grievance, or other proceeding initiated by or on behalf of the individual, and arising from the results of an alcohol and/or drug test administered under this policy, or from the employer’s determination that the employee engaged in conduct prohibited by this policy (including, but not limited to, a worker’s compensation, unemployment compensation, or other proceeding relating to a benefit sought by the employee.) The Village of Lake in the Hills may be required to release information to a DOT agency or other Federal agency as required by applicable law or Federal regulation.

B. Access to Facilities and Records

Upon written request by any covered employee, the Village of Lake in the Hills will promptly provide copies of any records pertaining to the employee’s use of alcohol or drugs, including any records pertaining to his or her alcohol or drug tests. Access to a covered employee’s records will not be contingent upon payment for records other than those specifically requested.

The Village of Lake in the Hills will also permit access to all facilities utilized and alcohol or drug testing documents generated in complying with the requirements of 49 CFR Part 382 to the Secretary of Transportation, any DOT agency with regulatory authority over the employer or any of its covered employees, or to a State oversight agency. When requested by the National Transportation Safety Board (NTSB) as part of an accident investigation, the Village of Lake in the Hills will disclose information related to the employer’s administration of a post-
accident alcohol and/or drug test administered following the accident under investigation.

Records will also be made available to an identified person or a subsequent employer upon receipt of a written request from an employee, but only as expressly authorized and directed by the terms of the employee’s written consent. The subsequent release of such information by the person receiving it will be permitted only in accordance with the terms of the employee’s consent.

IX. EMPLOYEE ASSISTANCE PROGRAM/SUBSTANCE ABUSE PROFESSIONAL

A. Employee Education

The Village of Lake in the Hills will provide employees subject to this policy with education materials explaining the requirements of the Federal Motor Carrier Safety Administration drug and alcohol regulations and the Village of Lake in the Hills policies and procedures for meeting them. In addition, employees will be provided with information concerning the effects of drug use and alcohol misuse on an individual’s health, work, and personal life; signs and symptoms of an alcohol or drug problem (the employee’s or a co-worker’s); and available methods of intervening when an alcohol or drug problem (the employee’s or a co-worker’s) is suspected, including confrontation, referral to an employee assistance program and/or referral to management. This information will include the following:

1. Display and distribution of informational material
2. Display and distribution of a community service hotline telephone number or employee assistance program.

Copies of the above materials and this policy will be distributed to each employee hired or transferred into a position requiring the performance of a safety-sensitive function covered by this policy. Each employee who receives a copy of these materials will be required to sign a statement certifying that he or she has received a copy of the same. The Village of Lake in the Hills will retain the original of the signed certificate and will provide a copy to the employee, if requested. The Village of Lake in the Hills will also provide written notice to representatives of employee organizations as to the availability of this information, if applicable.

B. Supervisory Training

Any individual designated to determine whether reasonable suspicion exists to require a covered employee to undergo a drug or alcohol test under this policy will be required to receive at least 60 minutes of training on alcohol misuse and 60 minutes of training on drug use. This training will cover the physical, behavioral, speech, and performance indicators of probable alcohol misuse and prohibited drug use.
C. Substance Abuse Professional (SAP) Referral, Evaluation and Treatment

1. Available Resources

Any employee who engages in conduct prohibited by this policy will be provided with information about the resources available for evaluating and resolving problems associated with the misuse of alcohol or prohibited drug use, including the names, addresses, and telephone numbers of substance abuse professionals and counseling and treatment programs.

2. Substance Abuse Evaluation

Although an employee’s employment with the Village of Lake in the Hills may be terminated for a violation of this policy, employees will be advised to undergo an evaluation by an appropriate substance abuse professional, who will determine what assistance the employee needs in resolving problems associated with alcohol misuse and/or prohibited drug use. This requirement will apply regardless of whether such conduct is discovered as a result of a drug or alcohol test, independent employer knowledge or a voluntary admission by the employee.

3. Substance Abuse Professional (SAP)

For purposes of this policy, a substance abuse professional (SAP) is defined as a licensed physician (M.D. or D.O.), or a licensed or certified psychologist, social worker, employee assistance professional, or addiction counselor (certified by NAADAC or ICRC) who has knowledge of and clinical experience in the diagnosis and treatment of drug and alcohol-related disorders. The SAP’s role is to evaluate the employee’s need for assistance in resolving problems related to alcohol or drug abuse, determine if the employee has complied with the recommended treatment or rehabilitation, and to determine a program of follow-up testing as appropriate.

X. DISCIPLINE

In addition to the removal from safety-sensitive functions required by Federal Motor Carrier Safety Administration Regulations, the Village will take the following disciplinary action against any individual who violates this policy.

A. Applicants

An individual who tests positive on a pre-employment drug test will not be hired for a covered
function position. Any individual who adulterates or substitutes a specimen provided for a pre-employment drug test will not be hired for a covered function position.

B. Employees

Any employee who tests positive for a prohibited drug or for alcohol with a concentration level of 0.04 or greater will be terminated from employment with the Village of Lake in the Hills.

Any employee who engages in any conduct that constitutes a refusal to submit to a drug or alcohol test required under this policy will be terminated from employment with the Village of Lake in the Hills.

Any employee whose alcohol test result is 0.02-0.039 alcohol concentration will be removed from duty for at least 24 hours or until his/her next regularly scheduled shift, whichever is longer. All time removed from duty will be without pay. Any employee who tests 0.02-0.039 alcohol concentration on more than one occasion will be terminated from employment with the Village of Lake in the Hills.

XI. RECORDKEEPING AND REPORTING

A. Retention of Records

The Village of Lake in the Hills will maintain records relating to this policy as outlined in 49 CFR Parts 40 and 382. These records will be maintained in a secure location with controlled access for the specified periods of time, measured from the date of the document’s or data’s creation.

B. Management Information System Reporting

When required by the FMCSA, the Village of Lake in the Hills will prepare and submit an annual statistical report, in the format prescribed by the FMCSA, detailing the Village of Lake in the Hills’ controlled substances and alcohol testing program activity.

VILLAGE OF LAKE IN THE HILLS
POST-ACCIDENT TESTING INSTRUCTIONS

Any driver involved in an accident while operating a commercial motor vehicle on a public road will be required to submit to tests for alcohol and controlled substances as soon as practicable following the incident, if:

1. The driver was performing safety-sensitive functions with respect to the vehicle and the accident involved the loss of human life; or
2. The driver received a citation for a moving traffic violation arising from the accident and the accident involves:
   a. Bodily injury to a person who, as a result of the injury, immediately receives medical treatment away from the scene of the accident; or
   b. One or more motor vehicles incur disabling damage\(^1\) as a result of the accident, requiring the vehicle to be transported away from the scene by a tow truck or other vehicle.

Unless otherwise required by the Village of Lake in the Hills, post-accident drug and alcohol tests will not be required for occurrences involving only boarding or alighting from a stationary motor vehicle or the loading or unloading of cargo. In order to ensure that the above requirements are met, in the event of any accident, all drivers are required to take the following actions:

- Protect the area
- Notify the Police Department (contact 911)
- Assist the injured
- Notify your supervisor

These procedures do not require a driver to delay any necessary medical attention for injured people following an accident or to remain at the scene of an accident when his/her absence is necessary to obtain assistance in responding to the accident or to obtain necessary emergency medical care.

DRIVERS ARE STRICTLY PROHIBITED FROM USING ALCOHOL FOR EIGHT HOURS FOLLOWING AN ACCIDENT, OR UNTIL THE POST-ACCIDENT TESTING REQUIREMENTS ARE CARRIED OUT, WHICHEVER OCCURS FIRST.

FAILURE OR REFUSAL TO FOLLOW THESE INSTRUCTIONS, INCLUDING THE USE OF

\(^1\) "Disabling damage" means damage which precludes departure of a motor vehicle from the scene of the accident in its usual manner in daylight after simple repairs, including damage to motor vehicles that could have been driven, but would have been further damaged if so driven. "Disabling damage" does not include:

a. Damage which can be remedied temporarily at the scene of the accident without special tools or parts
b. Tire disablement without other damage even if no spare tire is available.
c. Headlight or taillight damage.
d. Damage to turn signals, horn, or windshield wipers, which make them inoperative.
ALCOHOL PRIOR TO THE REQUIRED POST-ACCIDENT ALCOHOL TEST, WILL BE CONSIDERED A REFUSAL TO SUBMIT TO A TEST AND RESULT IN DISCIPLINE UP TO AND INCLUDING TERMINATION.
